

Circuit Court of Wood County Language Access Plan

Section I. Policy Directive

It is the policy of the Circuit Court of Wood County to provide meaningful access for all Limited English Proficient (LEP) persons who use the courts' services. The purpose of this policy is to establish effective guidelines consistent with Title VI of the Civil Rights Act of 1964, Executive Order 13166 and the Americans with Disabilities Act (ADA).

Section 601 of Title VI of the Civil Rights Act of 1964, 42 U.S.C. Section 2000d *et. seq.*, provides that "No person in the United States shall on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

Executive Order 13166 requires all agencies receiving federal funds to address the needs of persons who, due to limited English proficiency (LEP), cannot fully and equally participate in the agency's programs without language assistance.

The Americans with Disabilities Act (ADA) and the ADA Amendments Act of 2008, 42 USC §§12101-12213, require that state and local government facilities, including courts, be accessible to individuals with disabilities and provide reasonable accommodations to qualified persons. The U.S. Department of Justice has published regulations implementing the ADA, found in 28 CFR Part 35. The regulations under ADA Title II require that courts and other public entities take "appropriate steps to ensure the communications with applicants, participants, members of the public, and companions with disabilities are as effective as communications with others." (28 CFR 35.160(a)). State and local governments are required to "furnish appropriate auxiliary aids and services where necessary to afford individuals with disabilities, including applicants, participants, companions, and members of the public, an opportunity to participate in, and enjoy the benefits of, a service, program, or activity." 28 CFR 35.160(b)(1).

In accordance with federal mandates and state requirements, this court and all its personnel shall provide free language assistance services to all LEP individuals who request such assistance. Members of the public shall be informed that language assistance services are available to qualified LEP individuals and that the circuit courts shall provide those services to them upon request.

Definitions

1. The inability, because of the use of a language other than English, to adequately understand or communicate effectively in English in a court proceeding.

2. The inability, due to a speech impairment, hearing loss, deafness, deaf-blindness, or other disability, to adequately hear, understand, or communicate effectively in English in a court proceeding. (See Wis. Stat. §885.38(1)(b)1-2))

Interpreting/interpretation: The oral conversion from one language to another language.

Machine translation: Internet-based technology (usually free) that automatically translates written material from one language to another without the involvement of a translator.

C. Identification and Assessment of Limited English Proficiency (LEP) Communities

The LEP population in our county is identified by reviewing data from the US Census Bureau which is updated every ten years. Changes in the LEP population will be monitored using mid-census estimates and projections from the American Community Survey (ACS). Other data such as from the Department of Education, the Migration Policy Institute or other local or state agencies may be used.

LEP Population Estimates for County

- a. Total county population is: 69907.
- b. Total LEP county population is 941.
- c. LEP county percentage is 1%.
- d. Top 5 languages spoken by individuals who identify as LEP:

4. French (incl. Patois, Cajun)	85	39	45.9%	4.1%
5. Vietnamese	56	29	51.8%	3.1%

- e. Total LEP county population based upon a hearing disability is 2798.
- f. LEP county percentage based upon a hearing disability is 34%.

D. Responsibility to Provide Language Assistance Services

The clerk of court will ensure signage to the public on the availability of free language assistance services and the availability of translated forms is posted at visible and frequent points of contact throughout the courthouse. Interpreters for all in-court proceedings, counter interaction and other out-of-court approved activities will be provided on a continuing basis in accordance with state laws. (See Wis. Stat. §885.38(3)(a)(d) and (e))

- 1. **Frontline Counter Responsibilities.** It is important that all frontline court staff understand the importance of providing culturally competent assistance since they are often the first points of contact with all members of the public including LEP individuals and families. Deputy clerks of courts and other court personnel will be trained on the procedures for identifying persons with LEP, recommended procedures on how to

obtain qualified language services, and other cultural competency issues. Training for court staff will also include requirements under the ADA and methods to address the needs of deaf and hard of hearing consumers. As new employees are hired, information on this Language Access Plan (LAP) will be included in their new employee orientation.

- 2. Circuit Court Responsibilities.** The direct provision of spoken and sign language interpreters for all civil and criminal proceedings, which includes scheduling and payment, is the responsibility of the circuit courts. The obligation to identify and provide services to qualified LEP persons lies with the circuit courts under Wis. Stats. §§885.38(3)(a) and 885.38(8)(a). Initial identification may be done by the clerk of courts office, a judicial assistant, or other court staff. Interpreter needs may also be pointed out by the district attorney, public defender, private attorneys, community advocates, victim-witness coordinators, family members, or friends. The ultimate responsibility for appointment of an in-court interpreter belongs to the judge. Clerks of circuit court may appoint for interpreter services used in the clerk's office. (See Wis. Stat. §885.38(3)(d)).

Court staff and judges are aware that many people who need an interpreter will not request one because they do not realize language assistance is available or because they do not recognize the high level of communication skills needed in court. When it appears an individual has difficulty communicating, it is the policy of this court to err on the side of providing an interpreter to ensure full access to the courts. Litigants can waive their right to an interpreter if the waiver is done knowingly and voluntarily in open court. (See §885.38(4)(a)).

- 3. Director of State Court Responsibilities.** The Director of State Courts has made progress in improving court interpreter services statewide. The Supreme Court has supported this effort through requests for additional funding, statutory changes, and changes to court rules. The Director's office will continue its central role in training and testing interpreters, providing training for judges and court staff (judicial assistants and clerk of court personnel), translating vital court forms, and pursuing statutory changes and additional funding as needed.
- 4. Securing Funding to Ensure Language Assistance Services are Available.** The primary obligation to pay for court interpreter services rests with the county. The costs of interpreter services will be borne by the county and will not be charged to the court user, indigent or not. Counties are reimbursed by the state for qualified interpreter services under Wis. Stat. §885.38(8)(a) and in a manner determined by the Director of State Courts under Wis. Stat. §758.19.

The clerk of court will monitor the amount spent on court interpreter services and the amount reimbursed by the state. The clerk of court may need to ask for additional funding from the county board as needed and may consider cost-effective alternatives to providing language assistance services. Some of the options may include the use of remote interpreting for short, non-evidentiary hearings, block scheduling of interpreted

cases, implementation of a county wide contract for interpreter services with an agency or individual, or hiring part-time or full-time staff interpreters.

E. Ensuring Quality Language Assistance Services

The circuit courts will strive to ensure quality language assistance services are being provided to LEP individuals at all times.

A certified interpreter will be the first choice for appointment for in-court proceedings whenever available. After a diligent effort has been made to locate a certified court interpreter and none is available, the court may appoint a non-certified court interpreter who is listed on the statewide roster. If neither a certified nor non-certified roster interpreter is available, the court may appoint an interpreter who is not listed on the statewide roster but who is otherwise deemed qualified. For hearings expected to last 2 hours or longer the court will schedule a team of two interpreters.

Sign language interpreters who work in court for compensation must hold legal certification or hold a license by the Wisconsin Department of Safety and Professional Services in accordance with state law. (See Wis. Stat. §440.032)

The court may use an interpreter remotely in appropriate circumstances. Remote interpreting will primarily be used if the hearing is short, if the distance an interpreter will have to travel is long, or if a rare language is needed. A well-qualified interpreter hired remotely is considered a better choice than a poorly-qualified local interpreter or a non-professional.

Court staff may use community resources to assist in locating interpreters or translators for rare languages and for emergency situations. These resources may include social service agencies, community based organizations and cultural centers, professional interpreting and translating agencies, college language departments, advocacy groups, local hospitals, and schools. The court understands that individuals from these sources may not necessarily be trained in court interpreting and will be questioned carefully by the judges to determine their qualifications.

Translated forms will be made available to the public but will not be used to replace the need for an interpreter, any colloquies mandated by law, or the responsibility of the court and counsel to ensure LEP individuals fully comprehend their rights and obligations.

All interpreters who work regularly in court are expected to understand and abide by the Code of Ethics for Interpreters when performing their duties. (See SCR Ch. 63) It is expected that all interpreters who accept assignments regularly in this court will have participated in orientation training offered by the Court Interpreter Program (CIP), and will continue to take full advantage of continuing education training opportunities locally, nationally and internationally to further develop their professional skills.

F. Monitoring, Evaluating and Updating the LAP

The clerk of court will monitor, evaluate and update its LAP policy directives and implementation procedures periodically. The LAP and all revised versions shall be approved by the presiding judge of the circuit court or other designated judge and filed with the Director's CIP. This LAP and any future revisions shall be communicated to all employees.

1. **Monitoring.** The clerk of courts will monitor the effectiveness of this LAP by periodically surveying staff to determine if changes regarding language access services should be modified, through observation of interactions between frontline staff and LEP individuals, soliciting feedback from community organizations when appropriate, or collaborating with other agencies throughout the county to ensure high-quality, cost-effective use of language services.
2. **Evaluating.** The Director of State Courts will routinely coordinate efforts with the circuit courts to review its LAP, to identify any problems and recommend action if necessary. Elements of the evaluation will include:
 - ◆ assessment of the number of LEP persons requiring interpreter services (in-court and out-of-court) within the county and statewide
 - ◆ assessment of whether staff members adequately understand language assistance policies and are implementing procedures established by the court
 - ◆ training court staff on working with LEP litigants in a culturally competent manner
 - ◆ determination if additional services or translated materials should be provided
3. **Updating.** This LAP will be updated as needed to reflect changes to policies or procedures both locally, statewide and nationally. Changes may include but are not limited to demographic shifts, modification in the method language assistance services are provided or changes in the vendors who provide the services.

Section III. Language Access Implementation Procedures

[DIRECTIONS: If your court system has separate written procedures on how to obtain interpreter services (both in-court and out-of-court), attach them to this LAP.]

Notice to the Public

Multilingual signs on the availability of language services are posted at visible points throughout of the courthouse, specifically at the counter and in all courtrooms. Signs on the availability of translated forms are posted at the counter and in all the courtrooms. A copy of the court's LAP is posted on the court's website and is available to the public upon request.
