

**WOOD COUNTY  
HIGHWAY, INFRASTRUCTURE & RECREATION COMMITTEE  
AGENDA**

**DATE:** Thursday, September 3, 2020  
**TIME:** 9:00 a.m.  
**PLACE:** Wood County Courthouse  
Rm 114  
400 Market Street  
Wisconsin Rapids, WI 54495

1. Call meeting to order.
  2. Declaration of Quorum.
  3. Public comments.
  4. Correspondence
  5. Approve minutes from previous committee meetings.
  6. ATV Trail/Route System Update
  7. **HIGHWAY**
    - a. Highway Staff Reports.
    - b. Highway Revenue Report.
    - c. Highway Vouchers
    - d. Lease to WC Human Services at Marshfield Hwy Shop
    - e. Wisconsin DOT 2020 Work Zone Safety Field Manual changes to WC Highway Dept.
    - f. Winter Schedule & Work Plan to protect essential employees from COVID out break
  8. **PARKS AND FORESTRY**
    - a. Parks & Forestry Staff Reports
    - b. Special Use Permits
    - c. MACU Update.
    - d. 2021 Budget
    - e. Parks Revenue Report.
    - f. Forestry Revenue Report.
    - g. Parks and Forestry Vouchers.
  9. Future Agenda Items
  10. Set next regular meeting date: October 1, 2020 at 9:00am at Wood County Courthouse, Rm 114,  
400 Market Street, Wisconsin Rapids, WI 54495
  11. Adjournment
-

***MINUTES OF THE  
HIGHWAY, INFRASTRUCTURE & RECREATION COMMITTEE***

1. **DAY & DATE:** August 8, 2020
2. **PLACE:** Wood County Courthouse, Rm 114,  
400 Market Street, Wisconsin Rapids, WI 54495
3. **MEETING TIME:** 9:00 A.M.
4. **ADJOURNMENT TIME:** 11:07 A.M.
5. **MEMBERS PRESENT:** Chairman Jacob Hahn, Supervisor John Hokamp,  
Supervisor Lee Thao, Supervisor David LaFontaine  
**PRESENT VIA WEBEX:** Supervisor Al Breu
6. **OTHERS PRESENT:** Chad Schooley, Parks & Forestry Director; Fritz Schubert, Forest Administrator; Roland Hawk, Highway Commissioner; John Peckham, Highway Accounting Supervisor; Supervisor Dennis Polach; Supervisor Bill Clendenning; Peter Kastenholz, Corporation Counsel  
**PRESENT VIA WEBEX:** Chairman Lance Pliml; Trent Miner, County Clerk; Lisa Keller, IT; Ed Newton, Finance
7. Call meeting to order. Meeting called to order at 9 A.M.
8. Declaration of Quorum. Declared.
9. Public comments. Bill Clendenning commented that a person on CTH U wanted a leaning tree cut down. He wanted to know if the Highway Department would do it. Roland Hawk, Highway Commissioner, stated that the trunk of the tree is on private property and, therefore, cannot be touched by the Department. However, the Department can cut the tree back to the right-of-way and will do so when the bucket truck is available. That should happen sometime in the next couple of weeks. No other public comments.
10. Correspondence. Fritz Schubert, Forest Administrator, discussed the topic of the Town of Hiles considering abandoning a town road. When this happens, Schubert would like to put it in the state county forest road program. Schooley mentioned that the grant that was submitted for the accessible playground structure at White Sands Beach was not selected by the Legacy Foundation for funding this year.
11. Approve minutes from previous committee meetings. The wording in 13c may be a bit murky. The Chair will discuss it with the minutes-taker from last month's meeting. In addition, Bill Clendenning shared a comment from a participant at last month's meeting. Rhonda Carrell wrote in an e-mail to him "I do not have pics of the crew spraying. A Saratoga resident followed the boom truck (not broom) and witnessed the spraying. My pics are of the dying plants that have been sprayed across the tributary and in wetland areas." **Motion by D. LaFontaine, second by Lee Thao to approve the minutes from the previous committee minutes. Motion carried.**
12. Closed Session. **Motion by D. LaFontaine, second by Al Breu to go into closed session per Wis. Stat. s.19.85 (1) (g) to discuss settlement of the MACU litigation. Roll call voice vote was taken (Hahn-aye, LaFontaine-aye, Hokamp-aye, Thao-aye, and Breu-aye).** Closed session minutes maintained separately by Chair. **Motion by D. LaFontaine, second by Al Breu to return to open session. Motion carried.**

13. ATV Trail/Route System Update. R. Hawk said there has not been a chance to meet since the last meeting. He did get requests to open part of CTH Z. He responded that, each quarter, requests would be reviewed. The next review will be done in September. Another request, provided by Sandra Green, was for CTH JJ. Hawk informed her that the plan and/or requests will come back to the HIRC in September.

Schooley said that reconstruction of the ATV Intensive Use Area parking lot has begun with P&F crews removing several trees. In addition, they will be relocating the washdown area and offloading ramp. Further plans include the removal of a 4-foot chain link fence and replacing with large boulders as an attractive, more natural alternative.

#### 14. **HIGHWAY**

a. Highway Staff Reports.

R. Hawk met with Rhonda Carrell, Town of Saratoga Supervisor, on CTH Z, identifying areas that would not get herbicide treatment in the future.

Steve Budnik, Transportation, wants some indoor bus space at the Highway Department's Marshfield Shop. There is not adequate inside space at this time. While the Department has wanted to build a new storage building, a salt shed has taken priority. Budnik proposed building a pole shed but Hawk instead suggested the use of an existing steel shed that is already in place. It could serve the needs of Transportation with an investment of less than \$15,000. Hawk received an estimate of a little over \$6,000 for an overhead door, and an estimated additional \$6,000 - \$8,000 for driveway, electrical upgrades, etc.

Hawk would offer Budnick a 24-30 month lease to cover Transportation's share of the costs. Budnick requested that his department be involved in planning the design and construction of any future new storage building. D. LaFontaine commented that continued negotiations are a good idea and Hahn said it would be better to try and work with the steel shed rather than building a new pole shed at this time.

CTH U is entering its final phase. Throughout the entire construction year, there have been only three days of delays. Hawk commented that the Department is hoping to get normal traffic back by the end of September.

Three bridges are under construction. According to the contract, the contractor was able to work from June 15 – October 15. The bids were all won by the same contractor and, because of the generous time frame for work; the Department got a pretty good price. Due to some issues with other projects, however, the contractor would like to extend the time frame to November 1. Hawk has a problem with this because the Department is doing their own construction along the routes of the bridges and the delay would cause a conflict, especially with the CTH V bridge. Hawk said that the contractor must complete the CTH V bridge due to a sunset on the LRIP funding for that project. The two bridges on CTH N could be delayed until next year if the contractor will honor this year's bid price.

b. Highway Revenue Report. Reviewed.

c. Highway Vouchers. A discussion from last month's meeting about streamlining the voucher process was continued. Parks and Highway Department personnel met with Finance to discuss. While all agree that the current system is not as efficient, time wise, the Single Audit Requirements dictate that each invoice must be entered individually. Discussion was had on

using P-Cards for many purchases. The downside, per Ed Newton, is that the reference in the General Ledger will only say “US Bank”. We wouldn’t know who was getting paid how much without looking up each individual US Bank transaction. Finance is currently working with IT on a summary report for the Committees. **Motion by D. LaFontaine, second by Lee Thao to approve Highway Department vouchers. Motion carried.**

- d. Highway Draft Budget. The Highway Draft Budget was not ready at the time of the meeting. J. Peckham stated that he will have it ready and sent to R. Hawk by Thursday of next week. Hawk will have to send it to Finance by the following Monday.
- e. Service Agreement with Towns. R. Hawk commented that at least one town is serious about pursuing an agreement with Highway regarding winter service. Hawk requested Committee approval to negotiate more detailed agreements with Towns, which may necessitate additional staff and/or equipment in the future. **Motion by D. LaFontaine, second by Al Breu to grant authority to the Highway Commissioner to enter into negotiations and agreements with Wood County municipalities. Motion carried.**

## 15. PARKS AND FORESTRY

- a. Parks & Forestry Staff Reports. F. Schubert stated Sandra Green, the office supervisor, is still working on putting together reports of where pulpwood, mostly hardwood, aspen, and a little Oak, has been hauled over the last 5 years to find out what percentage was hauled to Verso (NewPage, Biron and WI Rapids locations). Once those numbers are finalized, the information will be brought back to the committee. F. Schubert noted that, in a 2018 document, about 25% of pulpwood went to the Wisconsin Rapids mill.
- b. Powers Bluff ski/snowboard rental future. C. Schooley had several comments for the Committee regarding this subject. The long-time concessionaires at Powers Bluff retired about 5 years ago and, at that time, the County purchased their equipment. Much of the equipment is 20-30 years old. It is wearing out and that is becoming a safety concern. The County does not get a lot of rental revenue from the equipment. Last year, 122 rentals brought in approximately \$1,200. During the year prior, there were 44 rentals. Schooley said that, if the County is going to continue the rental practice, a significant investment should be made in new equipment. Even if rental is discontinued, the ski hill would continue to operate, though tubing is, by far, the more popular activity at the park.

The Department will be looking at new concessionaires and rental companies but there is little interest in downhill ski rental due to the uncertainty of rental revenue with potentially short seasons.

**Motion by J. Hahn, second by J. Hokamp to phase out downhill ski/ snowboard rental equipment as it ages and look into private rental companies. Motion carried.**

- c. Special Use Permits. C. Schooley gave a brief description of the requested special permit.

Multi-Metro Deer Management has, for several years, submitted an annual request to utilize approved portions of South Wood County Park for the purpose of allowing certified archers to harvest deer during the archery season. The group has operated without issue or incident so

Schooley recommends continuing the practice. **Motion by D. LaFontaine, second by Al Breu to grant the Special Use Permit to Multi-Metro Deer Management. Motion carried.**

- d. 2021 Draft Budget. Office Manager Sandra Green e-mailed draft documents to the Committee and those were reviewed.
- e. Parks and Forestry Revenue Reports. F. Schubert commented that the Certification Audit happened this week and went well. When all the regional audits are done, a report will be sent. **Motion by D. LaFontaine, second by Lee Thao to approve. Motion carried.**
- f. Parks and Forestry Vouchers. **Motion by D. LaFontaine, second by Lee Thao to approve. Motion carried.**

16. Future Agenda Items. None discussed.

17. Set next regular meeting date: September 3, 2020 at 9:00 A.M. at Wood County Courthouse, Rm 114, 400 Market Street, Wisconsin Rapids, WI 54495

18. Adjournment. Meeting adjourned by Chairman Hahn at 11:07 A.M.

Minutes taken and recorded by Highway Department Accounting Supervisor John Peckham

# Wood County

## WISCONSIN

OFFICE OF  
HIGHWAY COMMISSIONER

*Roland Hawk*  
COMMISSIONER

September 3, 2020

To: Highway, Infrastructure & Recreation Committee

From: Roland Hawk, Highway Commissioner

Subject: Commissioner Report for September 3, 2020 HIRC meeting

---

### **Department Activities**

#### **Personnel**

Commissioner working with HR with Classification & Compensation Study as related to the Highway Department.

Highway Department has developed a Work Plan to ensure sufficient essential staff are available through the winter months to maintain highways & bridges in case of a COVID outbreak. We are extending our 4 day -10 hour work week schedule until September 25. We may continue this schedule into October depending on the amount of construction work left to wrap up for the season. Start and stop times will be adjusted to account for the amount of day light during these weeks.

Beginning in late October, crews will be divided into pods of 4 – 6 people and be required to report to different locations at either the Wisconsin Rapids or Marshfield shops. These pods will work together the entire winter to avoid having contact with the whole crew. Supervisors will assign work to prevent any one who may become infected with COVID from infecting the entire crew and having to quarantine a large portion of our crew. This will better ensure the Department has sufficient staff to clear snow & ice during the winter months.

#### **Public Relations**

Commissioner is working with Steve Budnik, Community Resource Supervisor with Wood County Human Services Department to coordinate space to park some of the County's buses under roof at the Marshfield Highway Facility. Steve & Roland have agreed on terms and will develop an MOU to facilitate a lease.

City of Marshfield has made a formal request to reduce the speed limit on CTH Y (West Adler Street) from the west city limits to Lincoln Avenue to 35 mph. The current speed limit transitions from 55 mph just west of the city limits to 45 mph for approximately 3000 feet then reduces to 35 mph for 1000 feet then to 25 mph for 500 feet to Lincoln Avenue.

County staff will conduct a speed study for county highways as recommended by Wisconsin DOT.

The City of Marshfield also made a request to remove parking from the south side of Adler Street from the west city limits to the current no-parking zone that starts approximately 200 feet west of Sycamore Avenue on the south side of Adler Street. The City has agreed to enforce the no parking zone.

## Highway Projects

CTH U (STH 54 – South Biron Drive) STP Urban project started April 20 and is scheduled to be completed in late September.

Work on CTH Y (West Adler Street) between CTH V and South Hawthorn Ave in City of Marshfield was completed August 20.

Work to replace two bridges and 4 miles of asphalt pavement on CTH N (between CTH F & CTH S) has been rescheduled for 2021 construction season. The bridge contractor could not meet the schedule due to delays in other bridge projects in southern Wisconsin and has agreed to honor the same prices in 2021 and complete the work by August 31, 2021. Funds for the roadway portion will be shifted to the next segment of CTH N which is consistent with work type and miles and expended in 2020. The funds to construct the bridges will be held over to 2021 (\$250,000 which is used to match a state grant).

Work to replace a bridge on CTH V just south of Cary-Rock Road is scheduled to begin September 21 and will be completed by October 30.

Crews are performing work on various town and municipal roadways.

## Highway Maintenance

Crews continue to mow County & State Highway Right of Way. The Highway Department received some complaints in late July and August regarding vegetation obstructing vision. These areas require an arm mower that can reach into the ditches and back slopes from the roadway because the ditch is not navigable. The arm mower required a significant repair and was out of commission for several weeks. This mower has been repaired and is back in service. Areas that presented safety concerns were mowed by hand or the brush cutter on the rubber tired excavator.

Crews completed concrete repairs for the Wisconsin DOT on US 10.

The Highway Department has agreed to take part in a friction study with Wisconsin DOT. The study includes real-time road friction measurements during winter maintenance activities. Any un-programmed costs will be covered by DOT.

The truck scale at the Wisconsin Rapids site was replaced and should be in service September 1. The old scale had deteriorated to the point it was no longer able to be calibrated. This was an item in our 2020 CIP.

## ATV Plan

Two requests came to the Commissioner in June & July to open additional miles of County Highway to ATV/UTV traffic. The first was CTH Z from Ranger Road to STH 73. This segment has 2700 cars a day and connects numerous Town of Saratoga residents to town roads already open to ATVs. Speed limit is 35 MPH on this segment of CTH Z. The Town of Saratoga could open this by State Statutes, therefore Commissioner recommends approving this segment of CTH Z open to ATV traffic.

The second request for County Highway ATV/UTV access is CTH JJ from CTH G to CTH AA in the Town of Port Edwards. This segment of road is 3 miles, has less than 300 cars a day, and varies from 35 MPH to 55 MPH. There are some horizontal curves with minimal sight distance, however the low traffic volume and rural cross section is consistent with other Town of Port Edwards roads already open to ATV traffic. Commissioner recommends approving this segment of CTH JJ open to ATV traffic.

Commissioner spoke with P & Z about submitting an application for Economic Development Grant funds to help pay for implementing a northern ATV route through the County. The grant would help cover costs for signing and improving crossings for various County and State Highways.

Commissioner reached out to the Town of Dexter on August 26 to initiate the process for a resolution allowing ATVs to access State Highway 54 and 80 so riders can access the Dexter Drive Inn and Lake Side Oasis.

Highway department has worked with several other counties with limited ATV access on county roads to develop criteria that controls ATV access/use. Staff are reviewing county highways throughout the county to determine which county highways should not be open or have limited access. The ATV committee has not met since June to review the list of routes. This process will be incorporated with the development of the northern ATV route planning.

## **Accounting Supervisor Report**

By John Peckham, Wood County Highway Department Accounting Supervisor  
HIRC Meeting

### Revenues

Revenues are as anticipated. We have been working on several Road Aid and Bridge Aid projects so the revenue will be booked as those projects get completed. Asphalt revenues continue to come in as we run the plant full-time. Revenues from the State are on target.

### Expenses

Expenses are as anticipated.

### Other

I have been working with Finance on an initial draft of the budget. For the most part, I left the budget figures for supplies and materials the same as last year. The big changes will be in Personal Services, which includes wages, health insurance, FICA, etc.

## **Accounting Supervisor Report**

By John Peckham, Wood County Highway Department Accounting Supervisor

HIRC Meeting

### **Budget Comments**

I have found that I very much like the new system for creating the budget.

**The Highway Department is submitting a budget request with a 0% tax levy increase.**

**The Budget Summary shows a decrease in “Highway Tax Levy” but that is due to many of the Personnel Services figures being reduced from last year. I think this was a change in the way that Finance completed that section more than a change in actual expenses so I’d like to see how that plays out in actual expenses in 2021.**

You will find explanatory notes on the “Department Operating Budget Narrative” for functions with figures that varied by +/- 5% compared to last year. I did not comment on the variances for which Finance entered the information (Wages, Time Off, FICA, etc.) While the entire budget document is in excess of 50 pages, the “Department Operating Budget Narrative” provides the most meaningful comparison to the prior year budget.

### **Philosophical Practices When Creating the Highway Department Budget**

These are some notes for anyone who might be interested in the thought process behind some of the functions and their related figures.

The Maintenance Fund (Departments 1610 – 1619) will require a similar tax levy to last year - \$171,965. While we anticipate more expenses, we also anticipate a bit more revenue with LRIP monies. At this time, we have not received an estimated calculation of GTA for 2021 so I used a conservative figure.

The Machinery Fund (Departments 1620 – 1629) is meant to pay for itself with machinery revenues. Excess revenues in the fund are used to purchase new equipment.

The EE/Benefits (ILC) Fund (Department 1630) usually has costs distributed out of it to the other funds.

Snow Removal Fund (Departments 1640 – 1641) will require a similar tax levy to last year - \$907,235.

County Aid Roads and Bridges (Departments 1650 – 1660) will require a similar tax levy to last year - \$53,571 and \$200,000, respectively. Our research has indicated that the road aid program generates revenue equal to 87% of expenses on average during each of the past 5 years. Our research has also shown that the bridge aid program generates revenue equal to 57% of expenses on average during each of the past 5 years. I have adjusted the revenue figures to reflect those anticipated outcomes based on the expenses.

The State and Local Roads Funds (Departments 1670 – 1672) are all pass-through accounts. For the most part, any work done on them is billed on a time and materials basis.

Function 49110 – Other Financing Sources – This is the money received from Debt Service. Mike Martin always felt like it shouldn't be shown while creating the budget because the County Board had not voted it in yet. My position is that if we are going to show anticipated expenses for Capital Projects then we should also show anticipated revenue. If the revenue doesn't come through, the expenses will not be undertaken either. Finance agrees with my position.

# **WOOD COUNTY HIGHWAY DEPARTMENT 2021 BUDGET**

## **MISSION STATEMENT**

The Department is under the leadership of a Highway Commissioner who is elected by the County Board, as directed by State Statutes.

The mission of the Wood County Highway Department is to construct and maintain 325 miles of the county trunk highway system, along with maintaining the state trunk highway system in Wood County on a contract basis for the State of Wisconsin. Additionally, the department provides road and bridge maintenance services to local governmental units upon request on a cost charge back basis. To accomplish this work, the department is responsible for the purchase and repair of all necessary equipment, as well as maintenance of an administrative staff for all accounting and ordering of equipment and supplies. Our goal is to provide for safe, convenient movement of the traveling public.

## **OBJECTIVES**

1. Keep abreast of highway initiatives that will result in the County-wide infrastructure essential to promote and retain commerce and to provide appropriate safe traverse for the citizens of Wood County.
2. Provide the leadership role in the inspection and replacement of all County and Town bridges. Partnership with municipalities to ensure that all bridges within their jurisdiction are inspected, repaired, and replaced to meet Federal and State Bridge standards.
3. Pursue funding sources, in addition to tax levy dollars, necessary to maintain existing highways and to meet new construction demands.
4. Strive to secure maintenance and construction contracts with the Wisconsin Department of Transportation and Municipalities that will support and maintain an adequate Machinery Fund balance to meet department equipment replacement needs.

## **STATEMENT OF PROGRAMS AND SERVICES**

### Highway Committee

The County Board provides "the Highway Commissioner with... such assistants as are necessary for the proper performance of the Commissioner's duties", as directed by State Statutes.

This program is funded by tax levy and is of the highest priority as it is the prime directive of the Highway Commissioner.

The impact of a cutback or discontinuation of this program is that the Highway Department could not function.

The impact of program expenditure cuts on program revenues is that the Highway Department could not function as effectively.

### Buildings and Grounds

The County Board provides "the Highway Commissioner with suitable offices... as are necessary for the proper performance of the Commissioner's duties", as directed by State Statutes. In addition, this is the program responsible for the maintenance of the County Trunk Highway System.

This program is funded by Machinery Revenue and is a high priority.

The impact of a cutback or discontinuation of this program is that the Highway Department could not function as effectively or perform a desirable level of service in maintaining the County Trunk Highway System.

The impact of program expenditure cuts on program revenues is that the Highway Department could not function as effectively.

### Snow Removal

The Highway Department has an obligation to keep the highways open and safe for the traveling public.

This program is funded by tax levy and is a very high priority.

The impact of a cutback or discontinuation of this program is that the public would be unable to safely travel the highways during the winter.

The impact of program expenditure cuts on program revenues is that the Highway Department would not be able to provide the highest level of service in providing for safe driving conditions, possibly resulting in increased economic loss to the County.

### County-Aid Roads and Bridges

The County Board has determined that it is in the best interests of the municipalities of Wood County to provide aid programs to help them fund large highway and bridge construction projects. The Department will match road construction funding of up to \$4,000 per year to any municipality that petitions for such aid. The Department also has a bridge-aid program wherein it will, essentially, pay half the cost of new bridge construction that meets requirements.

This program is funded by tax levy and is of medium priority.

The impact of a cutback or discontinuation of this program is that the county municipalities would have one less funding mechanism to use for their road and bridge construction needs.

The impact of program expenditure cuts on program revenues is that the Highway Department would not be able to provide Wood County municipalities with needed supplemental funding for road and bridge construction. As a segregated fund, continuing deficits would eventually impact the county-wide budget.

### State and Local Roads

The Department contracts with the State of Wisconsin to provide routine maintenance to the State Highway System in Wood County. In addition, there are usually temporary agreements, called Local Force Account agreements, whereby the Department provides manpower and machinery to achieve a short-term objective as set forth by the State. The Department also contracts with local municipalities for maintenance and construction needs. State assistance also comes from programs such as the Local Road Improvement Programs (LRIP) and State Bridge Aid Program.

This program is funded by state aid and monies from local government and is of high priority.

The impact of a cutback or discontinuation of this program is that the State and local municipalities would have to find alternative, private sources for their maintenance and construction needs.

The impact of program expenditure cuts on program revenues is that the Highway Department would not be able to provide a suitable level of service to the State and local municipalities.

### Highway Construction

The Department constructs and maintains highways and bridges as primary functions.

This program is funded by bonding and is of high priority.

The impact of a cutback or discontinuation of this program is that the Department would be unable to meet the demands of a continuing and growing need for necessary infrastructure on the County Highway system.

The impact of program expenditure cuts on program revenues is that the Highway Department may not be able to provide a suitable level of service to the residents of Wood County.

### Frac Sand

The County Board has determined that it is the duty of the Highway Commissioner to enter into contracts with frac sand companies, when necessary, in order to maintain the integrity of the County Highway System.

This program is funded by the frac sand companies and is of medium priority.

The impact of a cutback or discontinuation of this program is that County residents would have the burden of maintaining and reconstructing roads that had premature aging issues due to excessive loading by the frac sand companies.

The impact of program expenditure cuts on program revenues is that the Highway Department would not be able to sufficiently maintain roads that were being damaged by excessive loading.

## Parks & Forestry Department Reports

Thursday, September 3, 2020

### **Director Report, by Chad Schooley**

- All park areas continue to be extremely busy this season. Staff has been doing a great job keeping up with the increased demand and use of our facilities and amenities.
- WisCorps has completed their 3-week project of constructing approximately 1.5 miles of single-track biking trail at Powers Bluff County Park. I have been communicating with individuals from the Marshfield area regarding volunteers completing some of the final details on the trail. We had a meeting and walk through of the trail on Aug. 13<sup>th</sup>. I will be ordering some specialized trail building hand tools that will be available for staff and volunteers to use on trail maintenance/development in the future.
- We continue to have a large goose population at our South Wood County Park beach areas, with an increasing amount of public complaints. I will be discussing this more with Federal and State natural resource departments to come up with options for goose population control.
- Continue assisting in Carlson/Dettman process, as requested.
- Held staff meeting at White Sands Beach open shelter building on August 12<sup>th</sup>.
- Participated in campground operations meeting with D. Quinnell and park rangers.
- Participated in Department Head meeting on August 25<sup>th</sup>.
- **Special Use Permits**
  - None at this time.

### **Construction Supervisor Report, by Dennis Quinnell**

#### **Current Projects**

- Work is continuing on the Willow Run vault toilet remodel project.
- The North Park wood fence will be constructed in September.
- We are working on plans to improve the walk path, which continues to be washed out by the RC&D ditch at South Park.
- We are working on the Highway 54 ATV trail parkinglot and ATV wash down.

#### **Maintenance Operations**

- All park areas and facilities are in good condition and operating at full capacity.
- We are replacing the gate at the east end of the Red Beach field in South Park.

#### **Employee Matters**

- The LTE II's for this summer are mostly done for this season.

## Office Supervisor Report, by Sandra Green

I was out on SI from August 17-27.

### Snowmobile / ATV

- Continued working on confirming number of funded miles for snowmobiles. Working with the State DNR on this project.
- The DNR will be putting together an all snowmobile club conference/Webex meeting to discuss miles and funding. This will occur when I return to the office.

### Office

- HOME DEPOT savings. To the left is a copy of a receipt where it shows how much money our department saved by sending in rebates. In turn, Home Depot sends us a card with that amount of credit on it to use for purchases when needed. Definitely, worth the time and effort put into it, so I want to thank Sue Potocki for handling this task.
- Camping and shelter reservations are doing very well and our Revenues have increased significantly.
- COVID19 questions and concerns have decreased a bit. More concerning for some customers is the condition of our beaches and water.
- Updated our website, Facebook & Instagram.
- Ordered various supplies for the outlying campgrounds.
- Attended an Administrative/Accounting informational meeting with staff and Carlson/Dettman process.
- Attended, participated and recorded minutes for a staff meeting at White Sands Beach open shelter building on August 12<sup>th</sup>.
- Worked with the Forest Administrator in setting up conference room reservations for the Certification Audit.

**HOME DEPOT** More saving. More doing.™

## Forest Administrator, by Fritz Schubert

- Preparations for Certification Audit scheduled for August 4-7.

- Participated in Certification Audit. Four Counties were audited this year: Wood Marathon, Juneau, and Jackson. All counties came through with flying colors as there were no “Corrective Actions” or “OFI’s” identified at the closing meeting. Final auditor’s reports will be out in about a month.
- Finished close out paperwork and procedures for several timber sales from past year.
- Site Prep, chemical release, and reforestation field visits and planning. Tentatively looking at about 99 acres of chemical release, 21 acres of invasive species (buckthorn) treatment, 30 acres of site prep for spring 2021 planting. Also at least 6 acres of jack pine direct seeding for spring 2021.
- Attended Town of Hiles hearing to abandon River Road. Town will not be abandoning due to residents opposition.
- Attended Employee meeting August 12 at White Sands Beach.
- Participated in WCFA quarterly forest administrator’s conference call.
- Forestry Tech. has been working at Powers Bluff on service road/multi-use trail development project.
- Researched and began establishment of new area for firewood for sale in parks. Will be approximately 30 acres on both sides of park road. Timber stands are currently due for harvest and contain a mixture of black oak, mixed hardwoods, and white pine. Most white pine will be left uncut for wildlife and aesthetic purposes.
- Participated in annual WCF-DNR Partnership & planning meeting.
- Mowed forest roads and trails.
- Cleaned up and mowed public shooting range.
- Marked public firewood cutting area.
