NEWS RELEASE WOOD COUNTY PARKS & FORESTRY

RICHFIELD 360 LOGGING ACTIVITY

For Immediate Release:

The Wood County Parks and Forestry Department would like to make all recreationists using the Wood County Forest, Richfield 360 Recreational Area aware of logging activity taking place on the property. Currently there is an active timber harvest occurring on a portion of the area immediately south of Heggelund Lane, and north of Puff Creek and the pipeline corridor.

Trail users are advised that segments of the trails within the harvest area may be temporarily closed at times. Please stay on trails and obey all signage. Also be alert for log truck and logging machinery traffic. Do not park vehicles in front of access points.

Please recreate with caution, be patient, and respect contractors helping manage our forest.

Any questions or concerns can be directed to the Wood County Parks and Forestry office.

Fritz Schubert

Wood County Forest Administrator
