1. What is the strangest or a unique talent you	Not too strange, but I'm a grammar stickler and notice writing errors right away. This "talent" can also be a pet peeve of mine!
2. Toilet paper—over or under?	Definitely over.
3. What is one thing still left on your bucket list?	Traveling on a girl's trip to Europe and getting my motorcycle driver's license.
4. What was your favorite TV show when growing up?	Full House - As the oldest sister myself, I aspired to be DJ Tanner and can't wait for the Netflix series to be released this year.
5. What kind of impact do you have on people?	I have been told I am a good listener - This has been important in my role as Case Manager and helpful when maintaining long-distance friendships as an adult.
6. Use one word to describe yourself as a child.	Caring - I was always helping my mom volunteer or help others and that has carried into my adult life as well.
7. If you were to start a company from scratch, what values would you build	Sustainability - I really believe in building each individual's strengths and would value how each employee can contribute, wants to change, train, or learn in other areas to benefit the company.
8. How do you recharge?	Walking/hiking/running/biking - I enjoy being active outside to get fresh air and all 4 seasons in Wisconsin. I also love to read and spend time on our boat :)
