

## How Can We HELP?

The CDRC provides a Single Point of contact for families in Wood County to access:

- Resources
- Information on child development
- Services and supports within the community.
- Activities/Festivals/ and Parent support groups.

A specialist will gather the concerns of your family and help identify the specific needs. If referrals to organizations are needed, we will support you through the referral process until you are secure. The program is available by phone, office visits, off site visits (families' homes, etc), as well as through email. We follow up with you to be sure all your needs were met.

*"Free the child's potential, and you will transform him into the world."*

*~Maria Montessori*

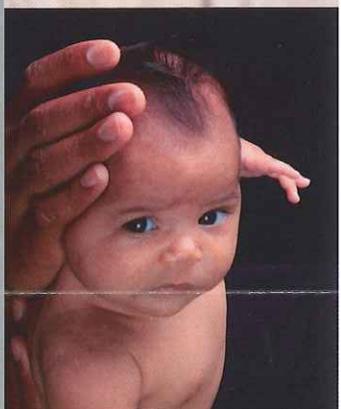

## Insight into Wood County's Children and Disability Resource Center

OUR MISSION:

To facilitate and assist accessing information and services to help meet children & family needs.

OUR VISION:

Quality Assistance for Children and their Families in Wood County.

The KEY to families receiving the needed support and resources is having a Resource Center Specialist available to help navigate the system for families and their children. Grow new opportunities, streamline services, and increase community capacity through collaborative partnerships.
