1. At 1:00 p.m., the meeting was called to order.

Chairman Pliml explained that Resolution 14-2-11, which authorized a fourth judge, was still valid and had not sunset.

The tentative plan is for the fourth judge to commence in August of 2023.

CORPORATION
COUNSEL OFFICE

Peter A. Kastenholtz
CORPORATION COUNSEL

MONTHLY REPORT TO THE JUDICIAL AND LEGISLATIVE COMMITTEE May 2021

Administrative Coordinator. Department heads, in general, are responsible for answering lots of questions. It is an aspect of management. The service departments not only address the internal management issues, but also must respond to queries coming from other departments. Not surprisingly, then, the corporation counsel addresses numerous legal and procedural questions each month. Sometimes the questions don't have a clear answer. It is the nature of our legal system that a lawyer will look to both regulatory law, like the statutes, administrative codes, and various federal laws and regulations as well as case law, from both the courts and administrative agencies, to ascertain how the "law" will apply to a fact scenario. It is a process of extrapolating relevant law and applying it to the situation at hand. It is not the type of profession that lends itself to the precision one finds in other realms, such as accounting, instead it is more like nursing, social work, and even law enforcement. That being, at times, reasonable minds may differ. This is often demonstrated in the appellate decisions we read about where justices on the state and federal supreme courts will differ in their construction of the law.

The difficulty in interpreting regulations tends to be even more problematic at the local level, often because the laws (ordinances) and regulations (resolutions, policies, procedures, and practices) are not as fully fleshed out, lest they be thousands of pages long. Also, there is a lack of case law. At best, you have past practice, but like with case law, there is a need to discern if differences in the facts does or should result in a different interpretation and application of the law from a past event to a current one. In large part, there is nothing that can be done about this difficulty in interpreting local regulations but sometimes there are remedies.

For instance, the Judicial and Legislative Committee is forever tinkering with the county board rules. This isn't an exercise in busy work, it is an effort to learn from experiences and then to memorialize what has been learned in brief rules. To that end, you are all continually encouraged to suggest modifications to the rules as situations arise and are dealt with, especially when you don't think the rules worked effectively.

An area that has been very problematic in construing is the responsibilities of the county's administrative coordinator. The applicable statute is quite vague in providing that: "The administrative coordinator shall be responsible for coordinating all administrative and management functions of the county government not otherwise vested by law in boards or commissions, or in other elected officers." There are no published appellate court cases construing the law, so one is left with discerning its meaning just from the text thereof and prior applications of the law here in Wood County.

For many years the County had the same person as the administrative coordinator but when that wasn't the case, both before Lance Pliml became the county board chair and prior to his most recent term, there were lots of questions presented on how to apply the powers of the administrative coordinator. The questions can be very difficult to answer and so often there is some political drama surrounding the fact scenario. When Lance and I aren't around anymore, the historical context, that being the applicable local precedents, will be diminished. (Fortunately, Trent should be around for another 20+ years.) Seeing and dealing with the problem makes me believe that the time is right for the county once again to try to approve a position description for the office of administrative coordinator. As I recall, Human Resources Director McGrath made a valiant effort to accomplish this task a few years back and for various reasons, the mission was not accomplished. Now might be a more opportune time to finish the job and I am encouraging the Judicial & Legislative Committee to work with Kim to prepare a position description for consideration of the full county board.

CRIMINAL JUSTICE

MONTHLY REPORT TO THE JUDICIAL AND LEGISLATIVE COMMITTEE

Prepared by Criminal Justice Coordinator Janelle Krueger

General Department

Our team continues to grow and learn focusing on training and allocating appropriate amounts of time to case management and data needs. My team is currently working through a group training on Motivational Interviewing, which will enhance our ability via case management to increase motivation and support the success of our clients.

Key Highlights/Needs

- **Space** – Ryan and Maribeth continue to share a workspace and conversations have been had between myself and Sheriff Becker regarding the additional office at the end of the hall. This may become an option later this summer.
- **TAD** – We continue to work on getting historic data in an effort to be prepared to submit our competitive grant application later this year. In this grant application I hope to include dollars for housing and transportation supports which have been an ongoing barrier for our participants.
- **Collaboration** – I continue to work toward an understanding of how things have been done historically and where we are at as a system in our readiness to discuss what or how things may look in the future. We are in the process of creating some workgroups in Drug Court to look at our program and I hope to also do this in the task force as well.
- **Drug Court Programming** – Our Seeking Safety group has met twice and is starting to feel like a cohesive group. This evidence-based manualized curriculum focuses on the development of safe coping skills while exploring the intersection of trauma and substance use. We are currently holding a women's group that meets bi-weekly and plan to have a men's group next. The plan is to train both Maribeth and Ryan in facilitating this curriculum allowing us to use it moving forward.

2021 RESOLUTION 1

Advisory Resolution Supporting Legislation to Provide an Increase in Criminal and Ordinance Violation Surcharge

WHEREAS, County government implements a broad range of essential services, most of which are required by state law; and

WHEREAS, underfunded and unfunded state mandates are continually placing an increasing financial hardship on local property taxpayers; and

WHEREAS, as the portion of collected fees paid by counties to the state and retained by the county continues to be insufficient to keep pace with inflation and ever growing costs associated with the many mandated programs within the county court system; and

WHEREAS, the County's portion of the statutory clerk fees have not increased since at least 1991, traffic/forfeiture cases are set at \$20.00 and criminal court cases are set at \$163 while the clerk only retains \$9.99 of the total amount;

NOW, THEREFORE, BE IT RESOLVED by the Washington County Board of Supervisors that this Board hereby supports legislation that would increase court costs in the amount of \$20 to be retained by the clerk of court for criminal and ordinance violations to align with a portion of the actual cost for courts to operate. This will ensure services implemented on behalf of the state at the circuit court level will more adequately provide resources and protect public safety.

BE IT FURTHER RESOLVED that this Board hereby directs the Washington County Clerk to forward a copy of this Resolution to all Wisconsin Counties, the Wisconsin Counties Association, and all state senators and assembly members representing Washington County constituents.

WHEREAS, legislation is being offered to remove a duplicate requirement in state statute 968.12(3)(d) governing the recording, certification and retention of telephone search warrant records between the Sheriff's Office and the Clerk of Courts; and

At the request of Chairman Clendenning, I queried the counties in my county clerk district group as well as Jackson and Clark Counties since they are contiguous to Wood County about their rates of pay for their county board members.

That report is attached.

If you have any questions, or need anything further, please so advise.

Sincerely yours,

Trent Miner
County Clerk
