

AGENDA

HIGHWAY, INFRASTRUCTURE & RECREATION COMMITTEE

DATE: Thursday, January 6, 2022
TIME: 9:00 a.m.
PLACE: Wood County Highway Dept.
555 17th Ave North
Wisconsin Rapids, WI 54495

1. Call meeting to order
2. Declaration of quorum
3. Public comments
4. Correspondence
5. Approve minutes from previous committee meetings
6. ATV Trail/Route system update
 - a. Route Updates
7. **HIGHWAY**
 - a. Highway staff reports
 - b. Highway revenue report
 - c. Highway vouchers
 - d. Bids for CTH X Construction Project
 - e. 2022 Commissioner Goals
 - f. Timber Harvest on Highway Parcel
 - g. Marshfield Shared Campus
 - h. Asphalt plant drum replacement
 - i. Loader fee
 - j. Highway Floater Holiday Schedule
 - k. Infrastructure Investment and Jobs Act (IIJA)
8. **PARKS AND FORESTRY**
 - a. Parks & Forestry staff reports
 - b. Special Use permits
 - c. 2022 Director goals
 - d. 2022 Powers Bluff Development Project improvements
 - e. 2022 Work Plan and resolution approving Forestry portion
 - f. Resolution approving final draft of 15 Year County Forest Plan
 - g. Parks and Forestry revenue reports
 - h. 2021 excess revenue carryover request
 - i. Parks & Forestry vouchers
9. Future Agenda Items
10. Set next regular meeting date: February 3, 2022 at 9:00 am at Wood County Highway Department, 555 17th Ave North, Wisconsin Rapids, WI 54495
11. Adjournment

MINUTES
HIGHWAY INFRASTRUCTURE & RECREATION COMMITTEE

Date: November 29, 2021
Time: 9:00 AM
Location: Wood County Highway Dept. Conference Room

Members present: Jake Hahn, John Hokamp, Dave LaFontaine, Al Breu, Lee Thao

Also present: Roland Hawk

Chair Hahn called the meeting to order at 9:00 AM.

A quorum was declared.

There were no public comments.

Motion by Breu/LaFontaine to go into closed session pursuant to Wis Stats 19.85 (1)(c) to conduct evaluations of department heads the committee oversees. Roll call vote taken, all ayes, and the motion carried at 9:06 AM.

Motion by LaFontaine/Thao to return to open session. Motion carried at 10:33 AM.

Chair Hahn declared the meeting adjourned at 10:24 AM.

Minutes taken by Chair Jake Hahn and transcribed by Trent Miner, County Clerk. They are in draft form until approved at next meeting.

Wood County WISCONSIN

OFFICE OF
HIGHWAY COMMISSION

Roland Hawk
COMMISSIONER

January 6, 2022

To: Highway, Infrastructure & Recreation Committee

From: Roland Hawk, Highway Commissioner

Subject: Commissioner Report for January 6, 2022 HIRC meeting

Department Activities

Personnel

Commissioner received resignation from end loader operator. The position is posted for applications and interviews are anticipated in late January.

Highway Department Holiday schedule includes ½ day for Christmas Eve and ½ day for New Year's Eve and provides 1-full day (8 hrs) Floating Holiday to compensate for the 2 – ½ days worked on Christmas and New Year's Eve. This particular schedule was negotiated under a previous union contract. The 2 – ½ days are difficult to obtain much production and commissioner proposes to eliminate floating holiday and follow the same Holiday schedule as the court house with full day Holiday on Christmas Eve and New Year's Eve.

Adjacent property owner to Highway Quarry property in the town of Cary asked for permission to cross a portion of the highway lands to stack logs being harvested on private property. Commissioner granted permission with understanding the property owner will restore and repair the landing and any ruts. While discussing the harvest the property owner suggested the highway department consider harvesting some of the mature timber on the highway property.

Highway/Facility Projects

Construction Projects for 2022 include:

- CTH X from STH 54 to STH 73. The bids for this project were received January 4, 2022. Construction
- CTH K & P Intersection: Reconstruction/pavement replacement plans out to bidders in January.
- CTH F from CTH HH – CTH P. Pavement Replacement. Cold in-place recycled asphalt bids will be opened in February or March.
- Three bridge epoxy surfacing projects, bids will be opened in late spring.
- Hemlock Road for Town of Seneca

Design Projects current/up-coming:

- CTH W & 48th Street Intersection (Round about)
- CTH Z & 48th Street Intersection (possible Round about)
- CTH U Village of Biron Reconstruction: S Biron Dr. to Huffman Rd.
- CTH BB & US 10 Intersection Realignment

- CTH N Bridge Replacement between STH 186 – CTH HH
- CTH ZZ Bridge Deck Replacement (City Point)
- CTH Z Pavement Replacement (STH 73 – STH 13)

The Architect working on the shared campus study for the Marshfield facility has submitted a draft Space Needs Conceptual Design report to Highway, WC Sheriff, and City of Marshfield Public Works. A joint meeting is scheduled for Tuesday January 25, 2022 with the HIRC, WC Public Safety Committee, and Marshfield Public Works & Common Council to present the findings. The meeting will be held at the Marshfield Common Council Chambers prior to the city's Common Council meeting at 5:00 PM.

Construction on the state and county salt sheds at the Marshfield site was completed on time (November 1) and approximately \$50,000 over estimated budget for each. Commissioner is working with DOT to obtain the payment for overruns for the state shed, and has moved funds between 2021 winter maintenance budget to cover added costs on the county shed.

Highway Maintenance

Crews had several days of clean up after the December 15 storms. Several areas of the county had trees and debris scattered on the roadways.

Crews have been installing snow fencing and in some areas re-hanging snow fence that was blown down during the December 15 storms. Brushing and tree removal for 2022 & 2023 projects has started.

ATV Plan/Development

Crews have ordered new ATV signs and posts to begin installation in early 2022.

Equipment/Machinery

Crews have been monitoring the condition of the drum on the asphalt plant. It was last replaced in 1988 and has produced over 3.5 million tons. Original thickness was 3/8" or 0.375 inches. Several areas have been worn down to less than 1/4" some areas as thin as 0.153 inches. Since 2012 crews have replaced flights and reinforced the drum with steel plating. Too much of the drum is requiring reinforcement and as a result the commissioner is planning to replace the drum in 2023.

A new drum will be designed and requests for quotes will go out in early 2022. Highway will take delivery of the new drum in late 2022 and install the drum sometime between February 2023 and April 2023. The estimated cost is \$250,000 for drum and parts. Anticipated installation, delivery and handling is estimated at \$25,000.

At this time the asphalt plant uses 30% recycled asphalt during production of asphalt and is working to increase the use of recycled material to 40%. In order to do this the plant will design the new drum to accept more recycle material which will include a second recycle hopper and conveyor belt. Crews are already searching for used hoppers and conveyor systems. Anticipated costs for the added hopper and belts is \$30,000 - \$50,000 including installation.

The Highway Equipment CIP had budgeted \$500,000 for this work for 2022 however the costs for this repair/maintenance work will spread out over 2022 and 2023.

Commissioner is proposing to initiate a \$20 load fee to cover costs for loading salt, salt sand, and patch into municipal trucks. The current practice is for loader operator to charge time and loader time when loading municipal trucks. This can take 15 – 30 minutes per truck and combined labor and machinery

costs can range from \$24 - \$48 however it is not always charged. When using leased loaders, the correct charge is even harder to capture. If loading outside of normal hours the overtime charge would be even greater. This \$20 option is best for both Highway Dept and municipalities to be able to maintain a reasonable cost and ensure to cover this task.

WCHA

Wisconsin County Highway Association has scheduled the Winter Road School Conference for January 17 – 19 at the Chula Vista in Wisconsin Dells.

Accounting Supervisor Report

By John Peckham, Wood County Highway Department Accounting Supervisor

HIRC Meeting

Revenues

Revenues are as anticipated in most areas.

State Aid – LRIP revenue did not meet expectations because the CTH X project was not done this year. Those monies will be reimbursed at project's end in 2022. Permit revenue exceed budget. Once all State revenues and expenses are recorded, we will show that revenues were higher than anticipated. Below budget will be the Road Aid Revenues but those are offset by lower than expected Road Aid Expenses. Bituminous revenues were as anticipated.

Expenses

Expenses are as anticipated in most areas.

Crushing expenses were higher than anticipated because we just began crushing operations again ourselves. Snow Removal expenses were, fortunately, held in check for the majority of the year. Now that we have a couple years of Salt Brine manufacturing, we will be able to budget more accurately in future budgets.

Parks & Forestry Department Reports

Thursday, January 6, 2022

Director Report, by Chad Schooley

- Assisted with hiring process for Parks Maintenance Worker position.
- Completed evaluations for Supervisory staff and Parks Construction Worker.
- Assisting with new reservation system setup.
- Continue grant application process for South Park storm shelter, and Federal ARPA outdoor recreation grant for Powers Bluff project.
- My goals for next year are to continue seeking and applying for grants for the Powers Bluff project, and to assist staff with the installation and rollout of the new reservation system for camping, shelters, and day use pass sales. If you have additional goals, please let me know at the meeting.
- I will be giving a presentation at the meeting about the Powers Bluff Development project, and explain the different phases of the project. We will discuss possible 2022 improvement projects, using the \$27,500 annual Ho-Chunk fund, possible ARPA funding, and funds from the P&F Capital Projects Account.
- Assisted staff in completing the 2022 P&F Work Plan.
- With another good year for Parks and Forestry revenues, I would ask that the HIRC consider allowing the department to carryover excess revenues, per the 2017 approved resolution outlining the process. I will bring a revenue summary to the meeting.
- **Special Use Permits**
 - 08/20/2022 Jeremiahs Crossing fundraiser event. Dexter County Park shelter area. Event rents the shelter building for the day. Car show, kids games, food/beverages.

Maintenance Program Supervisor Report, by Dan Vollert

Construction Projects

- The concrete portion of the Dexter wood fence is completed, the rest of the building will be completed in the spring. Car Port has been delivered and awaiting steel.
- The lower level remodel of the PB shelter is completed. Just finishing up cleaning and painting. Two L.P. furnaces installed and working. New counter top on upper level in progress.
- 2 Memorial benches placed on concrete slabs at NEPCO and South Park.
- South Park pit toilet, south of dam, roof repair and interior upgrades.

Maintenance Operations

- Winter operations
- Most park areas are closed for the season. Plowing snow, repairing tables, cutting dead trees and other building needs.
- Cleaning up trees in all parks and ATV area after heavy wind storm.
- Preparing Powers Bluff for winter operations.

- Firewood processing done at North and South Parks with only Dexter left.
- December 16th employee meeting and winter operations training.

Employee Matters

- Continuing to learn my new role as Maintenance Program Supervisor-ATV/Snowmobile Trail Coordinator
- New Parks Maintenance Worker, Jeff Okonek starting at Dexter Park, Jan. 3rd.
- My former position as Parks Maintenance Worker at North Wood County Park is being filled by Seth Dupee starting November 29 via lateral transfer from Dexter Park.
- Powers Bluff work schedule full and complete.

Snowmobile/ATV

- Attended the AWSC Snowmobile Meeting on December 6, 2021 at the Sherryland Ballroom.
- Little Hemlock bridge nearly completed. Concrete work done and just some decking left to finish.
- Hwy H bridge project is completed.
- ATV Intensive Use Area on Hwy 54 closed until down trees are cleared up from wind storm.

Office Supervisor Report, by Sandra Green

Office:

- Assisting with training for Dan Vollert, newly promoted Parks Maintenance Program Supervisor.
- Sent out a news release, posted on Facebook and our website information regarding the closing of the ATV Intensive Use Area during the gun deer season.
- Updated website, Travel Wisconsin, Facebook and Instagram with pertinent news.
- Continued working on fee and informational camping and shelter updates for 2022 and/or when our new reservation system goes live.
- Finalized the Powers Bluff work calendar for the tubing/ski hill this winter.
- Worked on reservation system. Dexter/South/North
- News release re: ATV IUA - Storm damage
- Work on reservation system / permits and permit categories
- Put together the brochure delivery addresses & thank you letters
- Completed performance evaluation for Sue Potocki and submitted to HR
- Began work on Fixed Assets Inventory for Finance
- Assisted in planning the December employee meeting and presenting to the staff on December 16 at the Nepco Lake Shelter
- Submitted PAF's and New Hire Forms to HR
- Began preparation from Year-end Audit notification from Finance
- Posted information regarding First Responder positions at Powers Bluff in hopes to get more people to apply for the position. Worked with HR on this as well.

Forestry:

- Print off 2021 final Timber Revenue for 2022 Work Plan
- Email link to Trent for new 15-year plan on website to send to CB Supervisors
- 15- year comprehensive Land Use Plan Resolution
- Forest Administrator Grant Resolution

- Upload 15-year Forestry Plan chapters to website
- Helped IT/Fritz with his computer monitor issues
- Helped Fritz with the 15-year plan. Editing and organizing the TOC
- Assembled all Forestry Timber Sale Contracts from the most recent bid opening held on November 10, 2021.
- Final end of year billing for Forestry Timber Sales
- Collaborated with Fritz on drafting and sending contract extensions approved during the December 2021 HIRC Committee meeting

Forest Administrator Report, by Fritz Schubert

- Timber Sales: Currently 1 active timber sale: scaled wood, job site inspections, routine timber sale administration.
- Completed Wood County Forest 15-Year Comprehensive Land Use Plan. Made corrections as recommended and/or required by DNR. County Board received a memo from County Clerk pertaining to the plan and the upcoming Resolution for approval. Resolution is in packet.
- Drafted the Wood County Forest Annual Work Plan included within whole P&F Annual Work Plan. Resolution pertaining to WCF Annual Work Plan included in packet.
- Forestry Tech. has been working on project to construct/improve Powers Bluff multi-use trail.
- Collaborated with Sandy on drafting and sending contract extensions approved during the December 2021 HIRC Committee meeting.
- Began process of locating and assessing recent storm damage on the WCF.
- Closed ATV Intensive Use Area due to storm damage.
- Cleaned up public shooting range.

SMG

INTENT & SYNOPSIS: Approval of the 2022 Wood County Forest Annual Work Plan.

FISCAL NOTE: Potential loss of State Aid Revenues of \$49,180.

WHEREAS, Wood County has lands enrolled in the Wisconsin County Forest Land Program commonly referred to as the Wood County Forest, and

WHEREAS, §28.11 and the Wood County Forest Comprehensive Land Use Plan requires an annual County Forest Work Plan to be approved by the Wood County Board of Supervisors, in order to be eligible for certain grant funding per §28.11 (5m) Wis. Stats., and

WHEREAS, the Highway Infrastructure and Recreation Committee approved the 2022 Wood County Annual Work Plan (see attached documents) at their monthly meeting held January 6, 2022 and

WHEREAS, the Wood County Board of Supervisors adopted the 2022 Wood County Parks & Forestry Budget at the November County Board Meeting, and

NOW, THEREFORE, THE WOOD COUNTY BOARD OF SUPERVISORS HEREBY RESOLVES to, approve and adopt the 2022 Wood County Forest Annual Work Plan.

WOOD COUNTY PARKS

“MISSION STATEMENT”

To develop, maintain, and operate facilities, resources and programs that meet the outdoor recreation, environmental, and economic needs of the public; and provide clean, safe, quality family enjoyment at a reasonable cost.

PARKS IMPROVEMENT PROJECTS

SOUTH PARK

1. Complete walktrail improvements near RC&D ditch
2. Repair campground boat mooring retaining walls
3. Tuck pointing White Beach stone entrance gate
4. Install ice guards on maintenance shop roof
5. Install whole building exhaust fan in shower building
6. Storm shelter grant application
7. Replace maintenance shop wood furnace with natural gas furnace
8. Enclose/insulate additional maintenance shop bay to increase heated work space
9. Security Camera installation

NEPCO PARK

1. Design and install outdoor patio area adjacent to shelter building
2. Shelter septic tank replacement
3. Improve trail signage
4. Walk trail/shore stabilization improvements near beach
5. Repair benches along trail system
6. Exotic species control (honeysuckle)
7. Hire logger to remove dead/dying trees
8. Research swimming area improvement options
9. Security Camera installation

POWERS BLUFF

1. Construct entrance road up to future trailhead building location
2. Trailhead building grant application
3. Countertop installation in upper level
4. Shelter building window replacement
5. Planning for future use of existing ski hill
6. Continue single track trail development
7. Continue multi-use trail improvements
8. Silo observation deck planning

DEXTER PARK

1. Beach house replacement grant application
2. Walk trail improvements
3. Shelter AC unit
4. Entrance road resurfacing
5. 2nd wood fence construction
6. Reconstruct old wood fence
7. Roof replacements on campground vault toilet buildings
8. Construct information kiosk at ATV Camping Area

NORTH PARK

1. 50 amp electrical upgrades to campsites on Hawthorne Hill
2. Continue lower campground road improvements
3. Tuck pointing of stone bridges and abutments
4. Install ice guards on maintenance shop roof
5. Research swimming area improvement options
6. Shelter Building window replacement

RICHFIELD 360 AREA

1. Paint vault toilet building
2. Improve trail signage
3. Create small parking lot on south end of property off Puff Creek Blvd.

OTHER

1. Launch new reservation system and begin public informational campaign through social media and park signage
2. ATV trail construction
3. ATV Trail Development planning

WOOD COUNTY FOREST 2022 ANNUAL WORK PLAN

The mission of the Wood County Forest is to provide current and future generations with outdoor recreational opportunities while managing timber resources for raw materials for wood using industries on a sustainable basis.

Management of the Forest balances local needs with broader concerns through integration of forestry, wildlife, fisheries, endangered resources, water and air quality, soil, and recreational recommendations and practices. Multiple-use management will provide this variety of products and recreational amenities for the future with sound forestry management practices. The Forest will also be managed for such environmental needs as watershed protection, the protection of rare plant and animal communities, and biological diversity.

The Wood County Forest will be protected from natural catastrophes such as fire, insect and disease outbreaks, and from possible detrimental effects of human encroachment, over-utilization, environmental degradation and excessive development.

ANNUAL DNR TIME STANDARDS

Each year the county forest administrator and the Department of Natural Resources (DNR) liaison forester meet for an annual meeting. During this meeting one of the discussion topics is the DNR's availability to work on the county forest, also known as "Time Standards". For the 2022 fiscal year (the DNR fiscal year is July 1 through June 30), the agreed upon minimum hours to be provided by the Department of Natural Resources to Wood County Forest for technical assistance is **838** hours.

The DNR Time Standard commitment has fluctuated over the years. A summary follows: **893** hours in the years 2004–2007, **781** hours in years 2008–2013, **740** hours in years 2014–2018, **755** hours in 2019, and **838** hours in 2020–2021. It should be noted that reevaluation of DNR Time Standards commitment is currently underway and it is possible that changes will occur in 2023.

The recent upward trend in time standard hours dedicated to Wood County Forest is encouraging and appreciated. Historically the DNR has always exceeded their time standard commitment in Wood County. This past year the DNR contributed **899.5** hours, thus meeting and exceeding the **838** hour Time Standard minimum for 2021. Wood County is experiencing an increased interest, pressure, and opportunity for land

trades and acquisitions that could benefit the county forest. It is possible an adjustment to the Time Standards will be needed to address increased workloads associated with land trades/acquisitions.

TIMBER SALE NEEDS IN 2022

The timber sale program on the forest continues to generate substantial revenues for the county. Gross timber revenues for 2021 were \$552,146.97 (or \$496,932.27 net). Each year we examine the timber harvest schedule from the Wood County Forest / DNR forest inventory data, and GIS representation of the Wood County Forest to identify areas in need of a harvest or thinning. To maintain a sustainable flow of income to the county, timber sales are established throughout the year and then sold at bid openings, usually targeted for spring and fall. Once contracts have been signed, loggers usually have two years to harvest the timber on each sale. This past year, we established twelve timber sales on 584 acres.

Potential Timber Sales for 2022:

REGENERATION & FINAL HARVESTS:

COMPARTMENT	STANDS	ACRES	FOREST TYPE	TOWNSHIP
3	3,4	104	OAK, ASPEN	REMINGTON
4	6	24	ASPEN	REMINGTON
6	6	14	OAK	REMINGTON
20	7,8	83	R.PINE, R.MAPLE	PORT EDWARDS
43	11, 12, 13	74	ASPEN, OAK, R.PINE	HILES
47	1, 6, 13	66	W.PINE	HILES
54	6	48	CENTRAL HARDWOODS	DEXTER
58	4	87	ASPEN	SENECA
64	5	49	ASPEN	REMINGTON
69	2	56	ASPEN	CRANMOOR
71	6	43	R.MAPLE	SENECA
72	17	7	W.PINE	SENECA
76	5, 11	38	R.PINE	SENECA
77	6	58	W.PINE	SENECA

Total Regeneration Acres = 751

THINNINGS

COMPARTMENT	STANDS	ACRES	FOREST TYPE	TOWNSHIP
11	11	20	OAK	REMINGTON
37	8	40	OAK	HILES
45	6	27	W.PINE	HILES
72	3, 7, 9	101	R.PINE, W.PINE	SENECA

Total Thinning Acres = 188

TOTAL FOR ALL POTENTIAL TIMBER SALES = 939 ACRES

WILDLIFE HABITAT PROJECTS:

Wildlife Habitat Grant funding was cut by 50% in 2009 due to DNR budgetary concerns. What was once known as “Dime-an-Acre” has now become “Nickel-an-Acre”.

Wildlife projects, utilizing Nickel-an-Acre monies, identified for the year 2022 include:

- Red-Shouldered Hawk: Survey suitable habitat within new timber harvest areas as needed. Survey sites will be determined after 2022 harvest schedule is completed.
- Herbicide control of undesirable Black Locust, small patch near South Bluff.
- Tag alder & non-merchantable aspen shearing to improve grouse and woodcock habitat. Acreage to be treated will be based on funds remaining after completion of other projects.

2022 REFORESTATION/CULTURAL PROJECTS:

a) Reforestation:

- No major tree planting projects are planned for spring 2022 as site prep contractor was unable to undertake work within necessary timeframe. Site prep will be rescheduled for late summer 2022, resulting in tree planting spring 2023.
- Jack pine seeding: The following table is a list of sites that have been identified as suitable for seeding to jack pine. These sites, and possibly others, will be/have been scarified with assistance from DNR dozer(s) followed by direct seeding to jack pine.

Compartment	Stand(s)	Acreage
33	2	25

TOTAL 25 acres

b) Cultural Projects:

- These projects will be undertaken as time and availability of personnel permit.

CULTURAL PROJECTS

Non-commercial thinning:

Compartment	Stand	Timber Type	Acreage
73	12	Oak/ Red Pine	18
74	2	Aspen/Oak	9
TOTAL:			27 acres

Release/TSI:

COMPARTMENT	STAND	ACRES	TIMBER TYPE	NOTES
69	1, 15	21	RED PINE	Chem. Invasive control (buckthorn)
70	16	28	R.PINE, W.PINE	Chem. Release
71	12, 21	21	J.PINE	Chem. Release
73	4	50	R.PINE, W.PINE	Chem. Release

Total= 120 acres

Site Prep:

COMPARTMENT	STAND	ACRES	TIMBER TYPE	NOTES
69	6	11	RED PINE	Dozer Site Prep & Chem. Invasive control (buckthorn)
71	20	9	R.PINE, W.PINE	Invasive Control (buckthorn), pre-plant herbicide
71	12, 21	21	J.PINE	Chem. Release
71	2	29	R.PINE, W.PINE	Pre-plant herbicide, trench for spring 2023 planting

TOTAL= 50 acres

RECON UPDATING:

- Routine recon updates due to timber sales completion as needed.
- Backlog recon project: update approximately 2500 acres of old recon.
- Evaluate natural and artificial regeneration on approximately 205 acres.

OTHER WORK NEEDS:**a) 15-Year Comprehensive Land Use Plan:**

- Wood County Forest 15-year plan has gone through final draft and awaits County Board approval which is expected in January 2022. Once approved, plan will be sent to DNR for final approval.

b) Forestry Technician:

- Continue training Forestry Technician to improve skills related to forestry aspects of the position. The Technician position shall be focused on timber stand improvement, invasive species management, forest infrastructure maintenance, and shall assist with timber sale establishment, forest recon, tree planting, surveys, ATV trail development, etc.

c) Road Repairs & Access Management:

**Road repair efforts in 2021 were substantial; however, some improvements and regular maintenance*

will be needed in 2022. Heavily traveled county forest roads open to vehicular travel are in better shape but still vulnerable to wet conditions. Furthermore, it is expected road maintenance needs will increase on certain roads destined to become part of the new Wood County ATV trail system. Road maintenance and improvements will continue to be a main work priority for the forestry technician.

- Continue project to repair and protect damaged roads on the county forest. Road repairs and closures will occur throughout the county forest as time and manpower permit. Install boulders and rebuild berms throughout county forest where vehicles are gaining illegal access and damaging roads or dumping trash.
- Begin project to improve road and install railroad crossing in compartment 46 for the purpose of timber sale access.
- Improve parking and vehicular access control off Puff Creek Boulevard (south access to the Richfield 360 block of county forest).

d) Recreation:

- ATV Trail Improvement: Maintain trail identification and signage improvements to the Wood County ATV intensive use area located south of HWY 54 near Port Edwards. Also, work with DNR forestry technicians to incorporate dozer-training time for trail maintenance purposes whenever possible. Improve access for emergency vehicles and first responders.
- Maintain new ATV trail system on county forest including signage, brushing, grading.
- ATV trail Development: Begin process of building 4 miles of new ATV trail, which has been awarded \$400K through DNR ATV grant program. This project did not see much work in 2021 and will be a priority for 2022.
- Continue to assist with current effort to develop an ATV route & trail system in Wood County. Continue identification and planning for future trail development projects within Wood County Forest lands.
- Mountain Bike Trail: Work with local individuals who have begun developing a mountain bike trail system in the South Bluff Block of Wood County Forest. Develop helicopter-landing site for emergency response.

e) Land Surveying Needs:

- Several areas of the county forest are in need of surveying and boundary line establishment. We will continue a survey project, using budgeted dollars, to facilitate timber sale establishment in areas of the county forest in need of management. We will also work with neighboring landowner requests to locate property lines provided good monumentation exists, and as time permits.

f) Easements, Encroachments, Land Transactions:

- Investigate and address easement, land trade requests and encroachments as they arise. Investigate opportunities to purchase parcels advantageous to the management of the county forest as they arise. Currently several parties have expressed interest in either trading for County Forest lands, or possibly selling their property for addition to the Wood County Forest.

g) Forest Certification:

- Continue to make changes necessary to comply with forest certification corrective actions previously identified and as solutions are developed.

h) Wildlife Habitat:

- Continue to involve the wildlife biologist in timber sales design, planning for Nickel-an-Acre grant funds, and in identifying wildlife habitat improvement projects.

i) Invasive Species:

- Continue efforts to treat of most severe infestations of buckthorn. County forest locations include timber stands in Compartments 69,74,75,79.

j) Beaver Issues:

- Continue to address increasing complaints about beaver activities on Wood County Forest where they are negatively affecting town roads and recreational trails. Make use of volunteer trappers whenever possible.

k) Technical Forestry Training & Technology:

- Take advantage of training and continuing educational opportunities offered through DNR, FISTA, and other professional forestry organizations as time permits.
- Continue to improve proficiency in use of GIS, GPS, and related technology. As needed, attend training to utilize this technology for managing the county forest more efficiently.
- Cooperate with other entities (e.g. FISTA, UWSP, WLAWCA) to promote forestry and natural resource educational efforts.
- Acquire Wisconsin Pesticide Applicators Certification.

l) Drainage Ditch Management:

- Continue efforts to work with cranberry grower requests to clean selected ditches to improve drainage. Ditch cleaning projects will be discussed with appropriate DNR, Army Corps of Engineers, County Planning and Zoning personnel to insure proper design and permits are in place.
- Incorporate possible ditch cleaning operations/requests into timber sale design and harvest schedule

m) Hardwood Bombing Range Expansion:

Although the issue of the Hardwood Bombing Range has subsided and there are no current expansion plans known, we will continue maintain relations with the Air National Guard and monitor and respond as necessary to issues relating to the bombing range.

WHEREAS, Wood County has lands enrolled as County Forest pursuant to §28.11 of the Wisconsin Statutes; and

WHEREAS, subsection (5)(a) of said statute requires that a Comprehensive County Forest Land Use Plan be prepared by the County Park & Forestry Committee with said plan to encompass a 15-year period with subsequent plan revisions to be completed at fifteen-year intervals thereafter; and

WHEREAS, said Plan is a dynamic document to be revised as changing conditions require, and

WHEREAS, said Plan is required pursuant to §28.11 (5)(a) to contain land use designations, land acquisition, forest protection, annual allowable timber harvests, recreational developments, fish and game management activities, roads, silvicultural operations, an inventory of the of the County Forest documented with maps, records and priorities and a listing of the involved management activities needed during said plan period; and

WHEREAS, this plan highlights; the incorporation of third party forest certification; the incorporation of the access management plan; re-establishment of the County Forest boundary, protection of unique natural resources; integrated resource management; implementation of geographical information system technology; and

WHEREAS, the County’s goals, objectives, policies and operating procedures with respect to implementation of said Plan are also enumerated in the Plan; and

WHEREAS, subsection (5)(a) of the above referenced statute requires that said Plan be approved by the County Board of Supervisors and the Department of Natural Resources; and

WHEREAS, the Plan for the fifteen-year period encompassing 2021-2035 has been prepared by the Park & Forestry Committee and submitted for approval of the Wood County Board of Supervisors;

NOW, THEREFORE, BE IT RESOLVED, that the Wood County Board of Supervisors, in consideration of the contents of said Plan hereby approve it, and direct the Forest Administrator to forward an official copy of the Plan to the Wisconsin Department of Natural Resources for their approval.
