PITTSVILLE FIRE DEPARTMENT AND EMERGENCY MEDICAL SERVICES

To: Wood County Public Safety Committee
From: Pittsville Fire Company
Ref: Grant assist – Emergency Management
Date: November 22, 2021

Committee members,

Please allow this letter to show our gratitude for the assistance provided by Emergency Management Director Sarah Christianson. She has helped us acquire funding that will better help us manage incidents involving Ammonia here in the Pittsville area.

Her office has been working with Gardner Cranberry / Cold Storage and myself to help mitigate any issue we may have with a release of Ammonia at the cold storage facilities in our response jurisdiction.

She researched and found a grant that will allow us to purchase escape hoods and monitors for emergency use. While we are still in the process of buying said equipment, I wanted you to know about the assistance her office has provided. We look forward to more successful joint ventures.

Sincerely,

Chief Minor – Pittsville Fire Company

OFFICE OF CORONER

David A. Patton

DATE: 12/01/2021
TO: Wood County Public Safety Committee
FROM: David A. Patton, Wood County Coroner
SUBJECT: Monthly Activity Report – November 2021

The following is a list of services rendered by the Wood County Coroner's Office for: November 2021

Deaths in Wood County.....	131
Calls for Service.....	130

Death Certificates Signed.....	54
Cremation Permits Signed.....	83

Remarks:

Covid continues to be a constant, this month the Covid related deaths again surpassed the natural cases we handled. Our office continues

to work with not only Wood County Health, but all health departments in properly documenting these cases.

We had an unfortunate case of a 9-day old infant who expired due to Covid. I am currently working with Marshfield Medical, St. Michael's Hospital, UW Madison Hospital, Portage County Medical Examiner and Wood County Health to better understand the effects of Covid infection during pregnancy. This is a rare case where the virus appears to have crossed the placental barrier not only infecting the infant while in utero, but severely damaging the placenta as well.

I am in the process of meeting with staff from Marshfield Medical, Riverview, the three hospice agencies and our nursing homes in the county to see how things are going and how we can improve, if needed, to help these agencies when they must report a death.

I did find an old copy of a policy/procedure manual for the coroner's office written by Coroner Kronsted. This was obtained during my meeting with Riverview staff. I am currently reviewing it and will update it to reflect today's standards and practices. Neither I nor any of the current deputy coroners were aware this document existed. We at least have a starting point on which to build from.

Respectfully Submitted,

David A. Patton

Security Services November 2021 Report

For the month of November 2021, the total number of prohibited items prevented from entering the Courthouse are:

Guns -	1
Knives -	110
O.C. -	10
Misc. Items -	10

The miscellaneous items that were located were a holster, ammunition, two screwdrivers, two large hand tools and scissors. The individual with the gun came to the front doors of the courthouse, looked in and then turned and walked away. A short time later, he came back and told Security Services that he had a gun on him and when he saw the screening station, he remembered he had it and returned it to his vehicle. A check was completed on the individual and he did have a concealed carry permit.

Security Services screened 7,931 people entering the courthouse for the month. Security Services had 55 security requests from different departments within the Courthouse for the month. There was one jury trial this month and security handed out thirteen masks to individuals that requested them.

Security Services helped Rapids P.D. solve a hit and run property damage case. A semi hit the traffic lights on the corner of Market St and Jackson St. We used the security cameras and identified the company name on the semi.

Security Services was called to the deal with a disorderly female in the clerk of courts office on Tuesday November 2nd. She became very argumentative and started yelling at staff and making a scene. As soon as Security Services arrived, she settled down and followed directions. On the same day, security also helped an elderly person that fell in the sheriff's department parking lot. The individual need assistance standing up after the fall. An ambulance was called and the medics checked him out.

During the Month of November, I did utilize part-time employees for 65 hours to fill employee shortage hours.
